www.acornceilingfan.com

Acorn Ceiling Fan is specially developed to suit your everyday needs.
Our stylish designs and innovative technologies deliver a simple yet highly functional ceiling fan which brings about a natural comfortable wind assurance.
Every Acorn Ceiling Fan is engineered in such a way that the special blade pitching and the right angle is able to provide high performance wind circulation.
Acorn carries a wide variety of Ceiling Fans ranging from the cost effective model to the luxurious model.
Acorn, as one of the forefront market leaders emphasises a lot on Research and Development.
Our design team is constantly researching on the market so as to produce not only the most cost effective yet trendiest of designs but also the "must have" for every household.

Customer satisfaction is the guiding principle that Acorn lives by and thus
Acorn Technical Centre was born.
Acorn Technical Centre is our in-house team set up to cater for after sales services.
We value each and every one of you and will ensure everything is done in our power to solve your technical issues promptly.
