

SMART SWITCHES REDEFINED

MATRIX

Smart. Stylish. Straightforward.

Switches Reimagined: Where Function Meets Aesthetic.

Borderless Design.

Designed with crisp lines, clean contours and accentuated with matte surface treatment, Matrix switches adds an elegant touch to your interiors. The 86 x 86mm switch is designed to replace traditional switches even without its borders.

Guide Light for Safety.

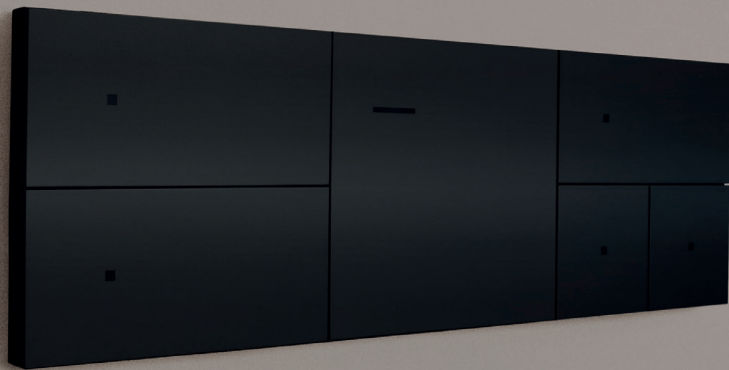

More than just a switch, each individual gang of the Matrix switch features a soft glow indicator light – doubling up as a guide light in the dark.

Your Switch. Your Choice.

Personalise your own set of Matrix switches by adding custom engraving of icons or words of your choice.

Jam-Packed With Quality.

Made To Stand The Test Of Time.

Built to Last.

Engineered with V0 fireproof PC material – flame retardant, corrosion resistant and impact resistant.

Durable and Resilient.

Nano-coating technology is applied to ensure longevity and to boost better scratch resistance.

Ease of Convenience.

Contaminants are easily removable with a damp cloth – saving time and energy.

Robust and Sturdy.

Minimal clicking sound, can be powered on and off up to 100,000 times.

The Lifestyle We Dreamed Of:

**Convenient.
Efficient.
Fuss-Free.**

**All At The
Touch Of
A Button.**

Voice Command.

Seamless pairing with digital devices to control the lights through Google/Alexa Home Assistant Hub, or even remotely through the VIO Smart Mobile App.

Scene Creation.

Customize and preset lighting scenarios of your choice with the wireless "4-scene" MATRIX M-RM switch. Each personalized scenario provides you with the flexibility to control several devices simultaneously at anytime of the day.

Dynamic Multi-Protocol Connectivity.

Smartly powered by the latest ZigBee 3.0 + Bluetooth protocol, Matrix switches support the integration for all Zigbee and Bluetooth enabled devices on the VIO platform, enabling direct connectability between the devices.

Timer.

Enjoy greater convenience with Matrix switches. Program the switches to power on and off at your desired time at the touch of the VIO Smart Mobile App.

With Matrix switches, you can now turn on heater switches before reaching home or program the walkway lights to be switched on automatically in the evening.

Smart Ecosystem.

Synchronize all your home essentials into one device for easy access and control. Control and manage the lights on your phone easily and conveniently from anywhere in the world.

Zero Downtime.

Even if Wi-Fi is unavailable, all the devices including schedulers and timers that are bridged to the smart hub will continue to remain connected.

**Simple.
Sturdy.
Straightforward.**

**No More
Installation
Complications.**

Effortless Installation.

Simply replace your existing switch with our Matrix switch – there's no need to deal with wires to install a smart switch.

Neutral Free.

Matrix one-three gang switches are neutral free, this means there is no hacking or extra cabling required. This helps users to save cost and time during renovation.

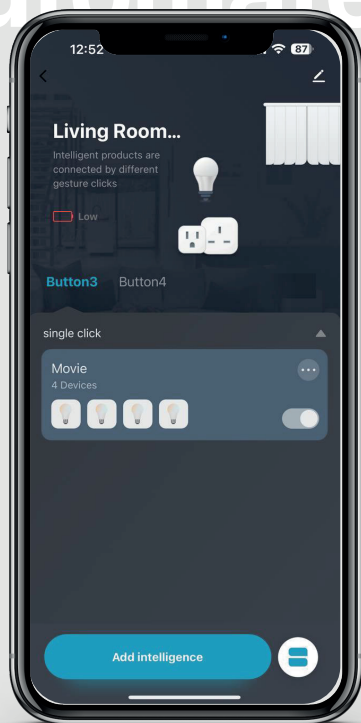

Virtual Grouping.

When Matrix switches are paired with VIO lights, you can connect all your lights in one circuit and enjoy the flexibility of wireless grouping via the VIO Smart Mobile App.

No need to fret over complicated switches configuration anymore – change anytime you wish.

Comfortable. Convenient. Automated.

Life Has Never Been Easier.

Input: 220-240Vac
Protocol: Zigbee 3.0
Load Power: LEDs (300W/gang)

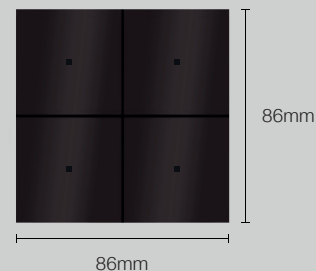

MATRIX M-WG

Wall Panel Gateway (Shunt resistor required)
Input: 220-240Vac
Protocol: Zigbee 3.0 & Bluetooth

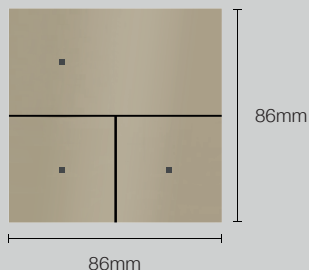

MATRIX M-02G

Two-Gang Smart On/Off Switch (Without neutral)
Input: 220-240Vac
Protocol: Zigbee 3.0
Load Power: LEDs (300W/gang)

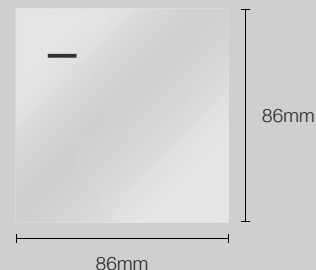

MATRIX M-RM

Wireless Remote Control Scene Switch
Input: Rechargeable Lithium Battery + USB
Type-C Charger
Protocol: Zigbee 3.0
Battery: Up to 3,000 clicks (Fully charged)

MATRIX M-03G

Three-Gang Smart On/Off Switch (Without neutral)
Input: 220-240Vac
Protocol: Zigbee 3.0
Load Power: LEDs (300W/gang)

MATRIX M-40A

One-Gang Smart 40A Switch (Neutral required)
Input: 220-240Vac
Protocol: Zigbee 3.0
Load Power: $\leq 5000W$

**VIO is born out of the
idea that technology
is most powerful when
everyone can access it.**

Matrix is a product of VIO.
